

HANDY BULK ACTIONS

Installation and configuration guide

Installation

Module is installed in a regular way: go to **Module Manager** in BackOffice and upload the archive. No additional setup is required. After installation, bulk action tools will be integrated in the standard Back Office interface.

Bulk actions for products

Bulk action tools for products include **adding/removing** from selected categories, assigning **default category**, adding/removing **feature values**, setting **base price** and replacing **text fragments**.

For example, you can select multiple products, and add all of them to category Dresses:

☒	6		Printed Summer Dress	demo_6	Home	\$30.50	\$30
☒	7		Printed Chiffon Dress	demo_7	Home	\$20.50	\$16
