PRIME MINISTER • PREMIER MINISTRE

Message from the Prime Minister of Canada

It is with great pleasure that I welcome you to E. Star International's 20th anniversary celebration, held at the Royale Fine Dining Banquet.

Since its establishment, E. Star International has expanded their operations to include three local factories. In addition to continuing to grow as a company, E. Star International continues to employ local workers and contributes to building the local community.

Canadian entrepreneurs are purpose-driven innovators and leaders that play a significant role in growing our economy and moving it into the future. Entrepreneurs realize the potential of their ideas and vision, and they are willing to take calculated risks to see those ideas through to fruition. Tonight's event is illustrative of the remarkable things that can be achieved by taking those risks.

Once again, congratulations to all those at E. Star International on their 20th anniversary. Please accept my best wishes for the years to come!

Dear Yudi Shen,

Thank you very much for your generous donation. Your support of our important work and ensuring that people living in poverty receive clothing and personal care items is very much appreciated.

WHY YOUR SUPPORT BFC MATTERS:

BFC is an integral member of the social service system:

Addressing the root causes of poverty with the aim of providing long-term solutions, we work in partnership with community-based agencies to ensure that donated items are reaching high-need clients. The items, such as: clothing, towels and bedding, personal hygiene items and school supplies, help ease the debilitating impact of poverty and assist clients to gain a sense of dignity and hope as they work to get past a stressful and traumatic time in their lives. The children and youth are in programs to help them deal with issues such as, abuse, family issues, abandonment and poverty.

Results, efficiency and professionalism:

BFC is one of Canada's most cost-effective charities (MoneySense Magazine 2013), putting over \$56 worth of basic-need items into the hands of people in need for every \$1 spent to operate our programs. Innovative planning and execution have resulted in steady growth. BFC has been successful in raising awareness about the issue of poverty through continuous media features.

Please contact me if you have any questions or would like to arrange a visit to our warehouse. I can be reached at 416.703.8435 x 110 or at info@brandsforcanada.com.

Sincerely,

Tina Urmson
Community Relations Director
